

REVIVING NAMBOUR

MISSION STATEMENT 2018-2019

OUR VISION:

Nambour is a beautiful place with a huge potential and an incredibly friendly community. We have quirky shops, amazing cafés, lots of industries, schools, and we are the Gateway to the Hinterland.

But for years, Nambour has been neglected by the ones in charge of protecting it. Since the closure of the Sugar Mill, some influential people have decided Nambour was doomed and bound to die and not worth saving.

At Reviving Nambour, we disagree. We refuse to let our town die without reacting.

We love this town and it is OUR TOWN. So, if some have decided to stop taking care of it, then, WE are going to take care of it ourselves.

Reviving Nambour is a "People Power" organisation. We need nobody's permission to clean OUR streets, OUR parks, OUR benches and Shops. WE are the ones who live here.

We want a better town? Let's just do it!

OUR PROJECTS:

Our plan to Revive Nambour relies on 2 points:

1- Make Nambour look good again

Every month, we organise clean up weekends and dispatch several teams across the town to tackle small sections such as a park or a street.

- Fix what is broken (signs, benches...)
- Clean what is dirty (Streets, footpaths, parks, remove stickers, erase graffiti...)
- Refresh or repaint faded shop-fronts
- Gift-wrap vacant shops
- Clean and maintain public parks and public places

2- Advertise and Promote the "new" Nambour

Let everybody know that Nambour has changed

- Launch a regional marketing campaign about Nambour and its surroundings
- Invite more locals to shop locally
- Bring back the big brands to Nambour (Kmart, Target, etc...)
- Organise more big events to attract more visitors and tourist

Who we are:

Reviving Nambour is a registered Not-for-Profit organisation created BY THE COMMUNITY, FOR THE COMMUNITY.

Nobody's paid and nobody will ever be paid. We do what we do out of dedication, love, passion and commitment towards our town. Each and every one of us is a volunteer.

Nambour is our first and only priority

In order to preserve our independence and protect our project from any form of coercion or corruption, we are trying to be as self-funded as we can by organising crowd campaigns and social events.

We only run on private donations. You can donate as little as \$5.00.

Go to our donations page.

If local businesses, corporate or regional institutions offer to support us, financially or else, we welcome their support. But it is always made clear with them that their support is a disinterested and selfless donation and that nothing can be asked or demanded in return for their donation.

We will never, EVER, betray our project to serve a sponsor's interests.

In terms of Council support or our relationship with Nambour Alliance, the message is clear. We will always welcome their support if they decide to help us. But at the end of the day, we are prepared to save Nambour WITH or WITHOUT their support.
